March 11-12-13, 2011

O'Sensei

said that Aikido "is a way to reconcile the world and make human beings one family. It is in this spirit that we come together to strengthen Budo, Aiki and Aikido, by training together without the restrictions of organizations, affiliation or style. To create a fabric of understanding woven from the many colors, textures and experiences of all who share O'Sensei's mission.

Come and share in the dialogue.
